## MEXICO HAS NOT REPLIED TO U.S. NOTE

American Consular Agent Still Held in Mexican Prison.

No Indication When A Reply Would Be Forthcoming

U. S. Note Called For Immediate Release of Jenkins

(By Associated Press.)

Washington, November 22. — Although the note sent by the American government to the Mexican government on Wednesday demanding the immediate release of William Jenkins, American Consular Agent at Puebla, was delivered to the Mexican foreign office the same evening, the Mexico press yesterday said, Jenkins was still in the penitentiary, it was announced today at the State Department here.

No reply to the note has been received and there was no indications when one would be made.

## EAST AND WEST GRID CLASSICS BEING STAGED

Harvard and Yale Battle in East

(By Associated Press.)

New York, November 22. — Football classics of 1919 were being staged today in both the East and the West.

At Cambridge, Harvard and Yale met in annual battle, with Harvard the favorite.

At Columbus, Illinois and Ohio State met to decide the western conference football championship, with Ohio State a slight favorite.

Northwestern, the first western conference team to invade the East in many years, was a slight favorite over Rutgers. Second place in the Western Conference was at stake at Chicago in the game between Chicago and Wisconsin. Michigan and Minnesota battled at Ann Arbor.

## HITCHCOCK IS GIVEN PRAISE

Washington, November 22. — Secretary Tumulty issued a statement today emphasizing the fact that no breach had occurred between President Wilson and Senator Hitchcock.

He characterized the latter's leadership in the treaty fight as "masterly" and satisfactory to all friends of the administration.

The secretary also denied that the President was taking sides in any contest over the minority leadership in the Senate.

## MYSTERY STILL BEING PROBED

Hammond, N. J., November 22. — Atlantic county authorities were working today to clear up the mystery surrounding the death of three year old Billy Dansey, whose nude body was found yesterday at the edge of a swamp two miles from here by a hunter. The lad had been missing since October 8th when he disappeared from home and a nation-wide search had been conducted for him.

## 857 SOLDIERS "POPPED THE QUESTION" TO THESE U. S. GIRLS, BACK FROM FRANCE

The Kouns sisters, Sarah, at left, and Nellie.

Girls, you should all have been in the A. E. F. Here are two sisters who were, and they hung up a record of having received 857 proposals of marriage, including ones from Frenchmen, Belgians, Britons, Russians and Americans. They are Sarah and Nellie Kouns of Topeka, Kan., who have just returned from long service in France in welfare service. Sarah received 422 proposals, Nellie 435. Having rejected the offers of nearly a thousand men to become brides they hurried home to give the "once-over" to the seventeen-year-old bride of their brother; and they "can hardly wait" to see her.

## HITCHCOCK QUESTIONS PATRIOTISM OF LODGE

Declares Lodge is Thinking More of Politics Than Good Of Country.

Still Hopes For A Compromise Upon Peace Treaty.

(By Associated Press.)

Washington, November 22. — Democratic Leader Hitchcock in a statement today replying to the declaration of Republican Leader Lodge that the peace treaty issues would be settled in the coming campaign said he was confident a compromise would be worked out by which ratification could be secured.

Whether further compromise efforts are to be made to ratify the treaty or the whole controversy thrown into the 1920 presidential decision was a question which aroused lively speculation today in political and official circles.

It was agreed everywhere that the statement of Senator Lodge declaring the time for compromise had passed and it was his desire that the majority of the reservations planned be carried into the campaign, had advanced the movement to leave the treaty as it is for the present and give the people a change to decide the issue next year.

Senator Hitchcock said: "I regret to say Senator Lodge is evidently thinking more of politics than of patriotism. To my mind the present status of the United States and of the world demand ratification of the treaty."

## BANK CLOSES SHORT \$400,000 CASHIER SKIPS

(By Associated Press.) Chicago, November 22.—The Illinois State Bank of Crete, Illinois, today failed to open, and it was announced a warrant charging embezzlement has been issued for the missing cashier, Gus Kracke, in connection with a shortage estimated at \$400,000.

## 100 DECORATED BY THE PRINCE

(By Associated Press.) New York, November 22. — More than 100 American and British officers sailors and soldiers were decorated today by the Prince of Wales in a farewell ceremony on the battle cruiser Renown upon which he will sail today for Halifax on his way to England.

## LABOR PARTY HAS PLATFORM

(By Associated Press.) Chicago, November 22.—Immediate restoration of the right of free speech nationalization of mines, abolition of all speculation in agricultural lands and destruction of monopolies in natural resources are features in the political platform in the National Labor Party as established in the keynote speech of Max Hayes, of Cleveland in opening the convention here.

## Anti-Bolshevist Leader Breaks Lines of Reds And Destroys Army.

Break Made Between Oral and Tambov, Southeast of Moscow

Letts Capture Mitau, Courland Capital, and Pursue Enemy

General Yudenitch and Staff Reach Reval, Capital of Esthonia.

(By Associated Press.)

Stockholm, November 22.—General Denikine, commander of anti-Bolshevik troops on the southern Russian front, claims to have broken through the Red lines between Oral and Tambov, southeast of Moscow, and to have annihilated 50,000 Bolshevik troops, according to a Helsingfors dispatch.

## LAKE MITAU

(By Associated Press.)

London, November 22.—Lettish forces yesterday captured Mitau, capital of Courland, according to the Lettish Legation here. The Letts continue their victorious advance.

## REACH REVAL

(By Associated Press.)

Stockholm, November 22.—General Yudenitch, anti-Bolshevik commander on the northwestern Russian front, had arrived at Reval, capital of Esthonia, with his staff, according to dispatches received here.

## COAL OPERATORS WILL NOT MAKE FURTHER EFFORT

(By Associated Press.)

Washington, November 22.—Soft coal operators will not proceed further with negotiations for a new wage scale agreement and Fuel Administrator Garfield has been consulted.

The joint conference called for this afternoon was postponed until Monday pending consultation between the operators' committee and Dr. Garfield.

The operators earlier in the afternoon had declared secretary Wilson's proposal to the joint wage scale committees yesterday had served only to widen the breach between the operators and miners.

## BRITISH OIL TRUST SCORES GREAT COUP ON STANDARD OIL

Sir Edward E. Pearson.

Sir Edward E. Pearson, brother of Lord Cowdrey, the British oil magnate, has secured for himself and his brother's oil interests, exclusive rights from the French government to what is expected to prove one of the most valuable oil fields in the world. The field is near Delkha, Algeria. The discovery was made a year ago and the secret was so well kept that the Standard Oil company but recently learned of the British oil trust's coup, it is said. The production of the new field is now close to a million barrels a day, reports state.

## ZONE SYSTEM TO DISTRIBUTE SUGAR SUPPLY

Ohio in Beet Sugar Zone And Will Not Pay Louisiana Price

Louisiana, Cuban and Beet Sugar Zones Established

(By Associated Press.)

Columbus, O., November 22.—A zone system which the department of justice is preparing to put into effect is expected to relieve further sugar shortage in Ohio. Under this plan it is proposed to establish three zones in the United States. A Louisiana or cane sugar zone; beet sugar zone and a Cuban sugar zone.

Louisiana sugar would be restricted to one zone, Cuban to another and beet to another. It is pointed out that this would prevent a threatened hold-up of Ohio consumers who otherwise might be forced to pay Louisiana sugar prices for beet sugar.

Ohio will be placed in the beet sugar zone and derive its supply entirely from the beet sugar refineries.

## SUGAR FAMINE OFF IN CAPITAL

(By Associated Press.)

Columbus, O., November 22.—The sugar famine in Columbus was broken today when distribution of two cars consigned to local wholesalers was begun. It was said the cars have been here eleven days.

## ELEVEN OHIO TEAMS CLASH

(By Associated Press.)

Columbus, November 22.—Eleven Ohio football teams exclusive of Ohio State engaged today in relatively unimportant games. The three conference leaders, Oberlin, Wooster and Wittenberg, were idle.

Annunzio's Campaign Causes Crisis in Adriatic District

Plan to Annex Dalmatia And Attack Montenegro Reported

Jugo-Slavs Concentrate to Attack D'Annunzio Forces

(By Associated Press.)

London, November 22.—The situation on the Adriatic as a result of Gabriel d'Annunzio's campaign has reached a crisis. Private advices leave no doubt that he is determined to annex Dalmatia and attack Montenegro.

The Jugo-Slavs are stated to have concentrated troops and to be prepared to resist aggression.

Another report says a Republican undercurrent directed against the Italian Monarchy exists among d'Annunzio's forces.

## PLAN SHUTDOWN OF INDUSTRIES TO SAVE COAL

Quick Action Must Come is Belief of Officials

(By Associated Press.)

Chicago, November 22.—Additional shut-downs of industrial plants in the central west today were in prospect as the striking coal miners began their fourth week of idleness.

With the supply being shortened daily it was agreed among officials that if disaster was to be averted something must be done quickly to add to the relatively small quantity of fuel now being brought out.

## ORDER STATE RETURN MINES TO THE OWNERS

(By Associated Press.)

Bismark, N. D., November 22.—The North Dakota Supreme Court today sustained the action of District Judge Nussle, of Bismark in ordering Governor Frazier and the Adjutant General to immediately return to the owners the Lignite coal mines which have been seized and operated by the state.

## SUGAR OUTLOOK MORE HOPEFUL DEMAND HEAVY

With the re-establishment of the Federal Food control for the purpose of relieving the unprecedented situation which has produced a serious sugar shortage in this part of the United States, local dealers are more hopeful of obtaining sugar within a short time.

At present there is virtually no sugar on the market in this community, some dealers have been entirely out of this necessity for many days while others have had a very meager supply with no prospect of obtaining more for some time to come.

The situation in a nutshell is due to:

Barring cane sugar shipments into this part of the country.

Establishing a price of 17c or 18c for the Louisiana cane sugar and 10 1/2c per pound for beet sugar from Michigan, northern Ohio and the other beet producing territory in central United States.

Then the sugar beet factories virtually refused to sell under the price established for cane sugar.

Meanwhile the federal authorities had indicated what would be a reasonable price to the consumer, and wholesalers did not care to face government investigation by obtaining the beet sugar at 18 cents per pound and selling it to the retailer, who in turn must sell it at 20 cents per pound for what is deemed a small profit.

As the government expects to "smoke out" the vast supplies of beet sugar now being stored at northern Ohio and Michigan factories at about 12 cents a pound, it is expected that shortly sugar will be selling in this territory at around 14c and 15c per pound, and that there will be an abundance of it obtainable.

## Turning Future Ideals Into Present Achievements

### Creations Which Anticipate Coming Styles

A FORECAST of the future is the Cole Aero-EIGHT. In it, ideals which seemed intended for fulfillment only at some future time have become realities of the present.

It has ushered in a new vogue in motor car patterns. It has determined the trend which future styles will take.

Radiating a new beauty and dignity, the Aero-EIGHT elevates motor car designs for the first time to a plane commensurate with their advanced mechanical attainment.

### Increased Performance—Exclusive Designs

THERE is an indescribable charm about the Aero-EIGHT. Its winsome grace of line, its dashing attractiveness are a constant pride and delight—its rugged power a source of continual satisfaction.

Averaging 15,000 miles on tires, developing 80 horsepower, economical in its use of fuel, light in weight, fleet as the wind, tenacious in its adherence to the road and reposeful in its luxurious comfort, the Aero-EIGHT gives a new interpretation to motor car possibilities.

The new All-Season models introduce for the first time flush panel construction and represent

a welcome departure from the traditions in enclosed car design.

The open cars are refreshingly different from the staid conventions of the past.

The harmony of color, richness of fabrics, taste in the selection of appointments denote the worthy craftsmanship of these distinguished cars.

So original in conception that their counterparts are not to be found in current design, they turn future ideals into present realities and stand as noteworthy additions to Cole's significant creations in advanced motor cars.

## MAKING EFFORT TO CHECK WAVE OF IMMORALITY

State Authorities Conduct-  
ing Through Local Agen-  
cies Determined Investi-  
gation Here.

Many Sensational Disclos-  
ures of Conditions and In-  
dividuals. Parents Urged  
To Guard Children.

In connection with the state wide work of checking a wave of immorality, sweeping over the country and threatening to destroy the right of maintaining to every child full moral as well as mental and physical development, State officials have been conducting, through the Probate Court assisted by the Red Cross, searching investigations in this city.

Following numerous reports brought to the Court House concerning delinquency cases, the State of Ohio sent two of its Field Workers to this city several weeks ago and their investigations have led to a number of trials held in the Probate Court, which have implicated a number of girls and boys under age.

The disclosures involved have brought to the community distressing realization of the dangers which threaten young girls and boys in our own town and the possibility of heavy penalties in prison sentences involved. The local authorities, who are assisting the State, in these investigations and trials are asking the co-operation of the community in their efforts to check conditions which promise to wreck many young lives, and they are especially urgent that parents realize the need of constant supervision of their children.

They feel that it is difficult at the best to protect young people as they should be protected and impossible unless parents keep closely in touch with their children, and know where they spend their spare time.

The investigations which have led to sensational disclosures and trials, thus far, been quietly conducted, the authorities believing that, with earnest co-operation of the parents of the community, the desired progress may be made, better than with two much sensational publicity.

### Queen Anne Period Model

The cabinet work of The Cheney is exquisite—the work of the finest furniture craftsman in the country. The Queen Anne model illustrated below is 49 inches high, 26 inches wide. Metal parts finished in rich gold, equipped with two reproducers for playing all records. Automatic stop; efficient, silent electric motor.

FUNDAMENTALLY different from ordinary phonographs, The Cheney makes an addition to the home that is of ever increasing pleasure and value. For the longer you own a Cheney the sweeter its tones become, just as an old violin surpasses a new, untried one.

The very acoustic principles of the violin which give it its purity and serenity of tone have been incorporated in The Cheney. Thus, The Cheney becomes more prized the longer you own it, and unlike any other phonograph:

## "The Longer You Play It The Sweeter It Grows"

To really appreciate Cheney Tones you should hear them. A piano record, one of the most difficult tests of a phonograph, sounds like a piano on The Cheney. Orchestral records have not only all of the vim and zest of the music but the very color and timbre of tones that you would hear if you listened to the orchestra itself.

Vocal records have color, quality, and richness ordinarily lost in a reproduction. Best of all, The Cheney places all the music of the world in your home—it plays all records.

Hear it if you would really appreciate what Cheney inventions have contributed to tone reproduction. Basic patents protect Cheney improvements—they have no imitations.

## A Question

Another industrial conference has been called by President Wilson to meet in Washington on December first. The conference will be composed of government officials, business men, former cabinet officers and former governors of states. The work undertaken by the former conference, which disintegrated because of failure to agree will be taken up with the hope that some satisfactory industrial agreement can be reached, some plan devised acceptable to the disputing elements and a working arrangement undertaken.

We sincerely hope, as do all Americans, that the attempt will be crowned with success.

We cannot avoid the feeling, however, that there has been and is too much paternalism on the part of the national government. There has been too much made over classes and groups. It has tended to emphasize the division, or rather to encourage and strengthen a division between employers and employees where none existed before and where none should exist now.

We cannot avoid a conviction that the government should in all cases, save those in which the welfare of the public is jeopardized, leave all private agreements and private disagreements between employers and employees to shape their own courses.

There is something that too closely resembles socialism in this constant government recognition of every class of complainants that bobs up with a private grudge. The government, in all cases, should be confined to the service of all the people. When it gets into the group or class disputes it not only enters upon a time consuming task with little hope of success, but it encourages complaints, class divisions and group formations, fosters the hope that by raising a disturbance special governmental assistance can be secured and, in general, contributes to rather than quiets the unrest and dissatisfaction.

## The Direct Way

Governor Cox acts promptly and decisively, whenever occasion demands. He has a way of going directly to the point that meets with public approval.

In the present emergency regarding the coal supply and the threatened shortage and increased price of sugar the chief executive of Ohio has not multiplied words nor inaugurated useless probes. He has notified the federal authorities that the people of the state must have relief and if the national authorities fail much longer to act the state authorities will act.

The vigorous manner which characterizes Governor Cox's action in the present crisis and during those other crises which have preceded it is encouraging and productive of real results.

These times demand action. We must have results. There are thousands of reasons to be cited why action cannot be taken, thousands of excuses for delay, but what the conditions require, if we are to have relief, is action. The measure now must be the public need and real justice between man and man, the safety of the nation and the welfare of the people, rather than the technical yard stick of civil law procedure. Red tape should have no terrors for executives these times. Governor Cox refuses to be bound by useless formalities. The direct way is the only way.

## The Martens Case

The American people are having difficulty in understanding just why Martin Martens, the "red" radical now established in New York City representing Soviet Russia, is not deported at once and awaiting deportation kept confined in jail.

Martens is no ambassador to the United States. He is not seeking to establish diplomatic or trade relations with this government. He and those he represents are opposed to all governments, this one of the United States included.

His sole mission here is to preach and teach by word, by publications and by monstrous deeds and vile plots the overthrow of organized government and the destruction of society and civilization.

Martens is one of the recognized leaders in the plot to plunge the world into chaos and darkness. Just why he should be taken into court and after brazenly confessing his purposes and his principles, acknowledging his work, released on a bond of one thousand dollars to continue his work pending trial under all the safeguards guaranteed by our constitution to loyal Americans, is beyond the understanding of the people of this land.

Certainly our officials should realize that delays in cases like Martens are dangerous and the delays of our civil procedure should be disregarded.

We have been, and are, entirely too lenient with the men who are attacking us.

## POETRY FOR TODAY

### CONCERNING CHRISTMAS

Time to talk of Christmas and the Christmas whirl;  
Time to talk of Christmas, says my little girl.  
Time to talk of Santa Claus and windows glowing sweet  
With toys and tinsel beautiful along the Christmas street.  
Time to talk of picture books  
And sleds and tops and balls;  
Time to talk of Christmas  
With the holly on the walls.

Time to talk of Christmas, and to feel  
Its creeping love  
Of beauty and tenderness from  
dreams of peace above;  
Time to talk of Christmas and its ripple  
and its ring  
When on the hills of holiness the  
herald angels sing  
Time to talk of Christmas  
And of candy and of cake  
And of all the wondrous happenings  
Because of Childhood's sake.

Time to take of Christmas when we  
tuck them in at night  
And lean above the pillows ere we  
fix the little light;  
Time to tell of presents that old Santa  
Claus may bring  
When in the frosty midnight all his  
tinkling sleighbells ring.  
Time to talk of Christmas,  
And to feel within us start  
This spirit of the tenderness  
That warms the Christmas heart.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Mrs. Bell Butters gave a delightful birthday party at her home on Rawling street, Friday afternoon from the hours of two to four, in honor of her little four year old grand-daughter Inezbell Butters.

Six little guests, Elizabeth Godfrey, Erveane Vale, Louise Hays, Billie Dale and Donald Easter of Lancaster were seated with the honor guests at the table, which was beautifully decorated, the centerpiece a white birthday cake with four tiny candles.

The little honor guest received a number of pretty gifts.

Mr. Raymond Godfrey, and Mrs. Walter Dale assisted Mrs. Butters, also Mrs. Scott Easter, who accompanied her little son over from Lancaster.

A pre-nuptial affair of exceptional loveliness was a luncheon entertained by Miss Mary Weaver Saturday in compliment to Miss Helen Harper, the guests confined to the little circle of the honor guest's special intimacy.

The yellow and white color scheme chosen was carried out with artistic skill and the luncheon table, laid with eight covers, was indeed a thing of beauty. In the center an exquisite basket of yellow roses, white button chrysanthemums and smilax, the handle tied with yellow tulle bow, was flanked by yellow candles burning in

crystal sticks. At each plate were little yellow nut baskets and pretty place cards, bearing Kewpie brides. Gold banded china was used and the prevailing tints introduced in the delicious courses.

Mrs. William Morgan, of Springfield was an out of town guest.

Charming appointments, cordial hospitality and flowers in most effective arrangement contributed to the pleasure of a delightful progressive bridge given by Mrs. Frank Perrill Friday afternoon.

Five tables of young women were at play in the pretty rooms, where huge pink and white chrysanthemums gave just the right color note and bud vases held beautiful La France roses on the card tables.

A particularly tempting luncheon was served at the close of a gayly contested game.

Mrs. Perrill, looking very pretty in French blue organdie, with coat of hand crocheted lace, was assisted in the hospitalities by Mrs. H. R. Rodecker and Mrs. C. W. Lewis.

Miss Christine Meiers pleasantly entertained the young girls of her Sunday School Class, "Miriam," of the First Presbyterian Church, Friday evening.

Twelve members were present, and following the business session, in charge of Vonna Bernice Hicks, enjoyed a social hour with light refreshments.

Mrs. J. M. Baker returned Friday evening from Xenia, where she has been the guest of her sister Mrs. Clarence Frazer since Tuesday, going over especially to assist Mrs. Frazer in entertaining a series of beautiful parties a tea, Wednesday a one o'clock luncheon followed by cards and Thursday evening a six o'clock dinner, also followed by cards. Mr. Baker joined Mrs. Baker for the party Thursday evening.

"Miss Estelle Cleveland was the charming hostess at a delightful six o'clock dinner Tuesday evening, hon-

oring her guest, Mrs. Gilliland, of Terrace Park. Seated with the hostess were Mr. and Mrs. W. B. Rogers, Dr. Elizabeth and Miss Emma Shrieves, Mrs. Hummel and Miss Minnie Faren."—Wilmington News-Journal.

She was beautiful. So beautiful, in fact, that the Woman, coming upon her suddenly, stopped, looked, and listened, trying to remember where she had seen her before. Surely it must have been on a magazine cover, she decided, looking at the gold hair the heaven-blue eyes, shining behind darkened, curved lashes, and sweetly smiling lips and the fair complexion. No cosmetics were needed to add to her charm. She was the type so rare, in these days of artificiality, a naturally beautiful woman, lovely of face, perfect of form. And while the Woman stood admiring her, she turned to her companion and said in a voice dripping like honey, "Say, ain't it funny that them neighbors of our don't belong to no swell clubs or nothing?"

Wasn't it too bad that she spoke?—New York Sun.

Mr. H. W. Lacey spent Friday in Bainbridge on business.

Mr. Martin Hamm, who underwent a serious operation at the Fayette Hospital, a few days ago, is improving nicely.

Messrs J. M. Baker and Earl McCoy spent Saturday in Columbus to attend the Ohio State-Illinois football game.

Arnold Shoop, of this city, who is a student at the University of Illinois, accompanied the Illinois football team to Columbus for the Ohio State game.

Mrs. Imogene Nation left Thursday for a visit in Emporia, Kansas.

Mrs. Samuel Hinkson has received word of the death of Mrs. G. Kennedy of Roseville, wife of Dr. Kennedy a cousin of Mrs. Hinkson's. Services for Mrs. Kennedy, who was killed in an automobile accident, will be held Sunday afternoon at the home.

Mrs. William Morgan came over from Springfield, Saturday for a short visit.

Mr. R. H. Harrop left Saturday for Albion, Mich., to visit his son, Dr. A. H. Harrop, and family.

Mrs. Frank M. Fullerton and Miss Emma Jackson were visitors in Columbus Saturday.

Mr. and Mrs. Jesse Persinger went to Columbus, Saturday to attend the Ohio State-Illinois football game.

Mrs. Frances Brown Barger and two children have returned from a business trip to New Philadelphia.

Mr. and Mrs. R. R. Kibler and daughter, Maxine are week end guests in Columbus to attend the Ohio State-Illinois game.

## CHARMING BUD OF SEASON AT CAPITAL

Miss Margaret Crosson.

One of the most popular buds of the present social season in Washington is Miss Margaret Crosson, daughter of Dr. and Mrs. Crosson. Her mother was also a capital belle as Miss Margaret Blaine, a niece of James G. Blaine, secretary of state under President Benjamin Harrison. Miss Crosson is a graduate of St. Mary's of the Woods, in Indiana.

Mr. and Mrs. Harry Flee have as their week end guests, Mr. and Mrs. Forest Lane and little son of Dayton.

Miss Ruby Miskell, of Columbus is the week end guest of Mrs. Clifford Householder on South Main street.

Mrs. George L. Rinsley, son Chan, and daughter Mrs. James Sheriffs of Columbus spent Saturday with Mrs. George E. Bennet on East Broadway.

Mr. and Mrs. Howard Reid of near Effersville shopped here Friday.

Mrs. Goldie Michael who underwent a serious operation at the Miami Valley Hospital Dayton, Ohio, Wednesday morning is getting along as well as can be expected.

Miss Opal Michael is visiting Mrs. Ed Belles on the Chillicothe pike for a few weeks.

## MOTHERS' CIRCLE BENEFIT BAZAAR A GREAT SUCCESS

Attending Crowds Taxed Capacity of Large High School Building.

Splendid Sum Netted by Organization for Expenditure in Worthy Purpose.

Success beyond the most sanguine expectations crowned the entertainment and bazaar given by the Central schools and Mothers' Circle as a playground benefit Friday night.

The enormous crowd in attendance taxed the capacity of the large high school building, and so generous was the patronage given to the bazaar that the net proceeds figured at \$500—an amount which secures the complete equipment of the playground and is most gratifying to the women of the Mothers' Circle, sponsors for the affair, and to the teachers, who so splendidly assisted them.

Following the entertainment, one of the most delightful children's programs imaginable, the crowd thronged to the gymnasium and domestic science rooms to find the big bazaar a most fascinating place, with diversions galore.

Enroute through the hallway, visitors halted to purchase delicious home made candy from the pretty candy booth, clearing, by the way, \$40.00, and also at the oriental booth, to have their futures revealed by a real palmist, Mrs. Sarah J. Richardson.

The domestic science rooms were transformed into a picturesque bazaar, with a wealth of floral decorations, and a variety of useful and desirable articles at sale in the booths. The apron booth cleared \$65.00.

The coffee room was a fairyland, softly lighted by mellow light, with its tables beautifully decorated with baskets of chrysanthemums and bud vases of single blossoms and twinkling candles.

The "gym" turned over to the children, was packed and the liveliest place in town, with its fish pound, balloons, games and "eats."

The members of the Mothers' Circle were indefatigable in making the bazaar the success it proved.

auditorium was taken, as well as every seat, when the curtain rose for the children's entrainment, put on by the beginners of Miss Anna Bell's grade, the first grade pupils of Miss Emily Palmer; second grade, Miss Lena Fultz; the third, Miss Mina French; the fourth, Miss Edith Blackman; the fifth grades, Mrs. C. W. Moore, Miss Lizzie Ellen Green; the sixth grades, Misses Lillian Taylor and Goldie Baughn.

The children had been wonderfully trained and the program went through with the utmost smoothness.

The Opening Pageant was beautiful, with the little army of children from all the grades, marching down the aisles and waving flags. The fourth, fifth and sixth grades marched to the stage and sang national airs, while giving a flag drill. Regina Brant recited "Your Flag and My Flag," the pledge of allegiance was taken.

The Baby Show by the little girls of beginners, first, second and third grades, who brought their dolls, and were greatly excited over the award for the prettiest, was very cunning, and ten little boys cleverly put on an Indian drill.

A very pretty song "Pink Little Rose" was sung by the children of the upper grades.

Eight tableaux contributed one of the most attractive numbers of the program. Four tiny tots were beautifully posed in each, announced by Richard Elliott, as "Cry Babies," "Open Your Mouth," "Take the Spinter Out," "Don't Let 'Em Get Me," "You Dirty Boy," "Hello," "Give Me a Bite," "Who's Biggest."

"Not Quite a Bargain" was a cute dialogue, well given with spirit by Mary Catherine Junk and Mary Louise Mark, and the costume song "Haymakers" was taking.

Supt. McClain introduced Mr. Earle Transue, concert tenor, who is delighting audiences at the Colonial Theatre for the week-end. Mr. Transue has a splendid voice and sang the beautiful songs, "Little Mother o' Mine," "Lonesome, That's All."

The Folk dance was beautiful. Florence Mabel Sparks and Edgar Barnett were very cunning in a dialogue, "Almost a Runaway."

The final song, "Aren't You Glad You Came," was exceedingly well given by the boys and girls of Miss Blackman's room.

Miss Bell, Miss Blackman and Miss Taylor had in charge the general management of the entertainment.

The public was very generous in its support and the Circle is most grateful for the many and liberal donations.

## CRANBERRIES LOWER IN PRICE

Trimnings for that Thanksgiving dinner will cost virtually the same as last year with the exception of cranberries.

While the cranberries brought 20 to 25 cents in the market last season they are selling right around 15 cents in the stores this week. Grocers state that the decline is not due to an over production but to greater labor supply than was available last year in the fields.

Celery, crackers, and all the other articles that go on the Thanksgiving table remain about the same in price.

## Cream That Whips Without Help

There is nothing that adds to the deliciousness of many delicacies at this season like whipped cream; and there is nothing quite so trying on the patience as cream when it fails to whip.

All cream will not whip, of course. But our cream will whip—and without help. If you indicate when ordering that the cream must whip, it will be unnecessary to use any so-called whipping creams, compounds or other aids—it will whip.

## XENIA CANCELS AT LAST MINUTE

There was no foot ball game here Saturday afternoon. Xenia notified Washington High School late Friday evening that it would be impossible for the Central High team to appear on the field owing to the fact that practically the entire team, was expected to attend the Ohio State-Illinois game at Columbus, Saturday. Xenia was forced to pay the ten dollar forfeit.

It seems that the only plausible reason for the cancellation is that Xenia received an awful drubbing at the hand of the Springfield griders just a week ago and it usually happens that after one of the smaller schools comes in contact with such a heavy team the morale of the players is below zero for some time after the contest.

And Xenia wasn't looking for like treatment this week end.

## GAME ATTRACTS LOCAL GRID FANS

Interest in the Ohio State-Illinois football classic has been high in local sport circles all week and Saturday morning persons lucky enough to get hold of one of the elusive admission cards left for the capitol city. In some instances a rabid fan, cheated out of seeing a game on the home gridiron, went to Columbus on the morning train with the intention of being there while the game was played even if it were not possible to secure admission.

## SETTLE VOLLEY BALL CONTEST

Friday evening at the Y.M.C.A. a long standing rivalry between two volley ball teams was settled by one of the teams taking four out of five games from their opponents. The winning squad was about the same combination that stacked up against the Hamilton "Y."

Hitchcock captained the losers with these members of his team, Sheppard, Elliot, Bear, Wollard, and Rankin.

Clasgens led the winners. His lineup was, Craig, Tipton, Flite, Ellis and Peddicord.

## LOCAL FIRM HAS WHITE AGENCY

A contract has been completed by the Carlough & Griffiths automobile agency whereby it takes over the agency for the White motor truck for Highland, Clinton, Ross and Fayette counties, and arrangements are under way to install sales and service accommodations for the new branch.

By the deal, the firm acquires the services of Mr. J. H. Lacey, of the White company, who will be in active charge of the local White sales department.

## CENSUS NOTES

The Fourteenth Decennial Census is to be taken during the month of January, 1920.

The first census of the United States was taken in 1790, during the administration of George Washington. It related solely to population.

The Constitution of the United States requires that a census of the United States be taken every ten years. It is by this means that the apportionment of members of the House of Representatives is made as to states.

The Bureau of the Census is a part of the Department of Commerce. It was established as a permanent Bureau in 1902. Prior to that time the census work was done by a temporary organization known as the Census Office.

A census of the country's manufactures was made for the first time 1810. Under the present law a manufactures census is to be taken in connection with the Fourteenth Decennial Census and every two years thereafter.

An enumeration of the mines and quarries of the United States was made for the first time in 1840.

The Sixth Decennial Census, taken in 1840, was the first one to cover agriculture statistics, now one of the most important parts of the entire census.

The Department of Agriculture assisted the Census Bureau in preparing the list of questions to be asked of ever farmer at the coming census.

United States marshals acted as enumerators at the first nine decennial censuses. Each marshal had as many assistants as were necessary to properly cover his allotted territory. About 650 people were engaged in taking the first census of the United States. The 1920 census will require the services of 90,000.

## WHEAT EMBARGO LIFTED DEC. 15TH

New York, November 21.—Embargoes on wheat and wheat flour will be lifted December 15, it was announced by the United States Grain Corporation here late today.

Lifting of embargo on both imports and exports followed the action of President Wilson in Washington today in signing a proclamation completely terminating the embargo control which has been in effect for more than two years.

## COLDEST IN YEARS

Mr. E. A. McCoy has received word from his sister in North Dakota, Mrs. Will Burnett, that the weather is the coldest that it has been during their thirty years of residence in that state. Sixteen to eighteen degrees below zero is not infrequent, and snow two feet in depth covers the ground.

Mr. and Mrs. Burnett are planning to come to this city about December 1 to spend the winter.

## PACKING HOUSE BURNS

Dayton, Ohio, Nov. 22.—Loss of between \$15,000 and \$18,000 was sustained by fire at the Henry Focke's Sons Company packing house Friday. Firemen fought the flames for four hours. The interior was partially wrecked. Grease dripping from smoking meats caused an explosion, which knocked down several employees. The boxroom was soon on fire. About 8000 pounds of meat in the house will have to be retested by government officials before it can be offered for sale.

## CHALMERS MAY NOT LIVE

Dayton, O., November 22.—Information received here as to the condition of Hugh Chalmers, head of the Chalmers-Detroit Motor Company, and former resident of this city, is that his condition is serious and that the surgeon in charge of the hospital of the Mayo Brothers, Rochester, Minn., holds out no hope for recovery.

Formerly it was beer that made Milwaukee famous; now it is Victor Berger.

## TURN ON THE BUTTON

What is an electrician? An electrician is one who understands the creation, transmission and expression of electricity. What is a Chiropractor? A Chiropractor is one who understands the creation, transmission and expression of MENTAL currents in man. Simplifies matters, doesn't it? The Chiropractor, instead of being "a wonderful person" doing "uncanny things," is but a common person understanding a common principle. The Chiropractors with their idea of spines with and without subluxations, are but electricians dealing with intellectual currents. When you tell them your "stomach room is dark" they know JUST WHAT BUTTON in this lineshaft is wrong, and they know how to turn on the button. When the button is in position, then the window is open, the currents flow forward to the organ connected at the other end and the stomach lights up (function is restored). It may take them two or three weeks or even longer, to fully turn on the button, for in the human family these vertebrae sometimes become distorted and misshapen and it takes TIME to rebuild them to normal before we dare to open the window, or if we did, to keep them into place. Because of that monstrous shape they would not stay into place until rebuilt. IT MAY TAKE TIME TO GET THE BUTTON INTO SHAPE, BUT FIRST, LAST AND ALL THE TIME THAT IS ALL THE CHIROPRACTOR HAS TO DO WITH YOUR BODY—TURN ON THE BUTTON—ANYTHING MORE THAN THAT IS NOT CHIROPRACTIC. You tell them the basement (bowels) is dark. They find the button and in a jiffy, a second of time, they have given that little Chiropractic twist-of-the-wrist and the button is on. Your basement is lighted. You tell them you have a few rooms to rent in your garret. They know exactly where your "garret button" is; an Adjustment is given (that is, the abnormally placed bone is ADJUSTED to its normal position), the current flows freely from that on and your garret is lighted with clear, beautiful thoughts as a result. Can't you see the effectiveness of the Chiropractor. They know every room in your body, and they know where each BUTTON is that turns on the current to that room, even though it be at some distance from the room. Tell them you have a growth on the shin, or constipation, they know where the buttons are. God made these buttons for the usage of the electrical-mechanician (Chiropractor).

Investigate and be convinced.

## FARMERS WILL BE ASKED MANY NEW QUESTIONS

*Census Takers Will Have  
Long List of Queries Up  
Their Sleeves.*

*Some of the Things Fayette  
Farmers Will Be Required  
To Answer in January.*

When the census takers get busy  
first of the year, numerating the peo-  
ple of the land, many new questions  
will be propounded, including a long  
list to be answered by the farmers,  
and Fayette county farmers can ob-  
tain some idea of what they will be  
expected to answer by reading this  
article.

Many of these questions cover sub-  
ject matter heretofore not included.  
As the statistics obtained from the  
agricultural census will largely de-  
termine the future land policy of the  
Federal Government, it is every far-  
mer's duty to make individual an-  
swers as accurately as possible. Such  
information involves some little study  
on his part previous to the appear-  
ance of the enumerator.

The agricultural census statistics  
are divided into facts covering farm  
tenure; farm acreage; farm encum-  
brances; farm values; farm ex-  
penses; uses of the land in 1919;  
drainage; crops produced in 1919; live  
stock maintained, including an enu-  
meration of the various numbers of  
each class and grade on every farm;  
farm facilities, such as tractors,  
automobiles, trucks and other farm  
conveniences, co-operative market-  
ing; pure bred animals maintained;  
fruits; nuts; and forest products.

Furthermore, the name and address  
of the owner of each piece of land in  
the United States will be secured by  
new questions, such as: How many  
years, if any, did you work on a farm  
for wages? How many years have  
you been or were you a tenant? How  
many years have you farmed as an  
owner? How long have you operated  
this farm? If you rent all of this  
farm what do you pay as rent? If  
you rent any farm land for others,  
or manage any farm land for others,  
give name and address of owner of  
land.

Other new questions in the coming  
census involve the amount of land  
from which no crop was harvested  
this year because of crop failure;  
crop land lying idle or fallow in 1919;  
pasture land in each farm. The far-  
mer is also requested to give the total  
value of his farm January 1, 1920, as  
well as the value of all buildings on  
the farm and the value of implements  
and machinery belonging to the farm.  
If any encumbrances exist against  
the property, he is asked to specify  
the total amount of debt on the land  
on the day the census is taken, and  
the rate of interest he pays on this  
debt.

Under the head of farm expenses  
each farmer is asked to state the  
amount expended in 1919 for hay,  
grain, mill feed and other products  
not raised on the farm which he used  
as feed for domestic animals and  
poultry; the amount of cash expend-  
ed for manure and fertilizer and for  
farm labor, exclusive of housework.  
The statistics for the crop and live  
stock reports are quite similar to  
those used during previous years,  
although some minor modifications  
have been made.

### PROGRAM FOR SUNDAY PRESBYTERIAN CHURCH

It will be a day of more than usual  
interest.

In the School Sunday there will be  
the customary Thanksgiving program;  
also appropriate decorations.

The pastor will preach a sermon  
emphasizing thought of the occasion  
On "Count Your Blessings."

The Endeavorers will have the last  
grand rally ere the visit of their  
State Secretary the following Sunday  
Miss Phyllis Davis will lead.

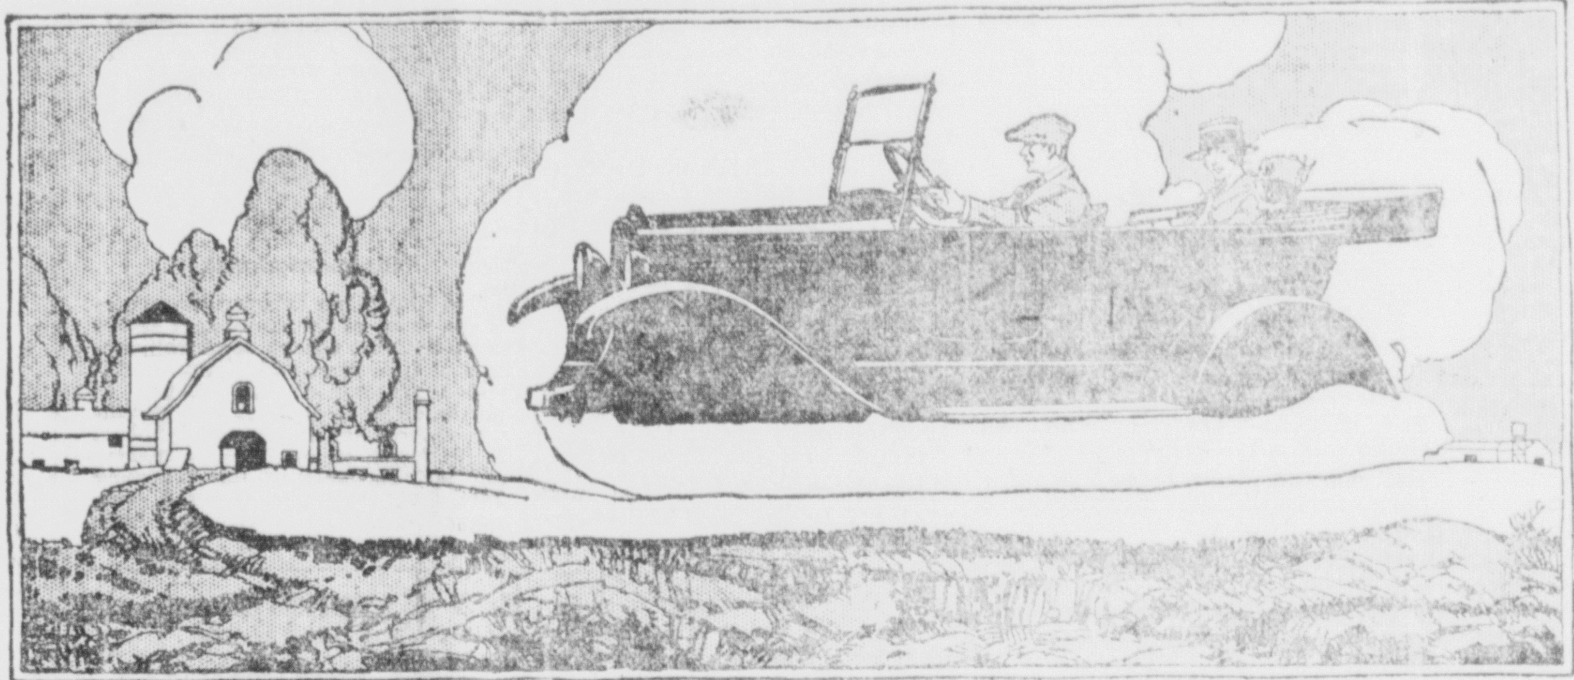

In the evening Mr. H. G. Adams the  
African explorer and business man-  
ager of the West Coast Missions will  
deliver an illustrated lecture on Africa  
to which all are invited. Mr.  
Adams also speaks to the men in the  
afternoon at the Y. M. C. A. giving a  
summary of the war and its relations  
to this continent. This lecture is  
free and a cordial invitation extended  
to the men.

## With Three-Point Cantilever Springs New Overland 4 Seems to "Sail Over The Roads"

**T**HE new Three-Point Cantilever  
Springs of Overland 4, by their special  
construction and design, protect car and  
passengers from ordinary road jolts. Bump-  
ing, twisting, swaying and vibrating are  
wonderfully lessened. The blows of the  
road seldom reach you. There is less ten-  
dency to bodily fatigue after long rides.

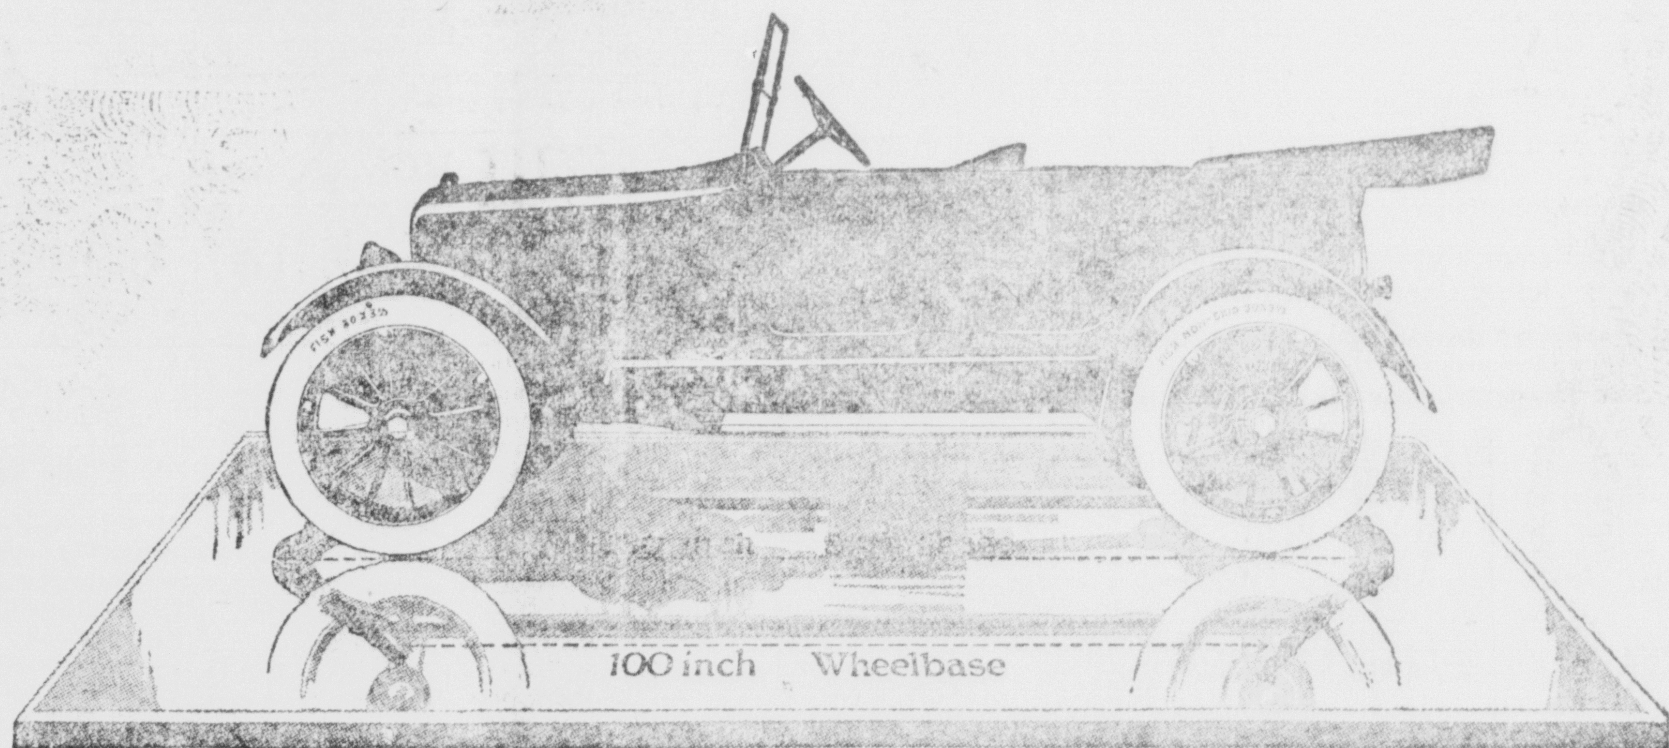

The springs of Overland 4 attached at  
the ends of a 130-inch Springbase give the  
riding comfort and road steadiness hereto-  
fore possible only with cars of long wheel-  
base and great weight, yet Overland 4 retains  
the light weight and economy advantages of  
100-inch wheelbase.

Three-Point Cantilever Springs protect  
the car from the hammering and wear of road  
blows. They lengthen its life and reduce  
upkeep costs.

Equipment of Overland 4 is dependable  
and complete from Auto-Lite Starting and  
Lighting to Tillotson Carburetor.

250,000 miles of test have made the  
strength and endurance of this car a matter  
of record.

### TRAINS TO MEET BIG OVERWEIGHT

In order to tackle one of the best  
men with whom he has ever wrestled,  
when he meets Joe Varga in this city  
next Wednesday night, Matty Matsuda  
is training with Chas. Cutler, weight  
180 pounds, in order to better deal  
with Varga, who is said to weigh  
around 180 pounds instead of 165.

Varga is one of the best men at  
his weight in the world and Matsuda  
is pronounced the best man at 140  
pounds in the world. This is the rea-  
son that a great number of fans from  
all over this part of Ohio are plan-  
ning to attend the match here Wed-  
nesday night.

### MEN RESUME WORK

Martins Ferry, November 22.—The  
men at the Whittaker-Glessner Com-  
pany mill mines here resumed work  
Friday morning, making it possible  
for 2000 persons to resume work next  
Monday. A strike that started two  
months ago has been called off. Em-  
ployees of the Carnegie Steel Com-  
pany, Bellaire mill, will meet here  
Saturday to consider a resumption  
of work. The plant, employing 1200  
has been idle two months.

**CRAIG'S IMPROVED** Automatic Vap-  
orizer will increase mileage of any  
car 50 percent. 15 days' trial; no

### MOTOR HAND CAR IN BAD WRECK

Bowling Green, November 22.—Ben  
Wilbur suffered a broken left wrist,  
one broken rib and a badly bruised  
hip; Francis Moore, section foreman,  
was cut about the feet and his right  
wrist sprained, and Pete Smith's nose  
was skinned from the tip to between  
his eyes, when a motor-propelled hand  
car ran through an open switch on  
The Toledo and Ohio Central Rail-  
road here. The hand car was com-  
pletely wrecked and the men thrown  
for many feet.

L. J. W. are not content with a  
walkout, but insist on an outbreak.

## Electric Fixture Truths

Some weeks ago we mentioned about "Electric Fixture Facts." Now  
we mention "Electric Fixture Truths." It is a truth that many folks  
have been "set right" about this matter of buying fixtures since we  
first mentioned it. Don't you be satisfied that you are getting the  
best prices for the best quality fixtures until you talk with me.

I am now in a position to take on a limited amount of country  
wiring. See me about your farm light plant wiring. Same as in

## POULTRY PAYS

Consider the case of Petaluma, a city of 6,000 is the richest city per capita, in the world.

It has five busy banks with total resources of \$10,185,739.24. Poultry alone made Petaluma.

4,000,000 Petaluma hens lay 450,000,000 eggs a year.

Poultry Pays and can be as successfully raised in Fayette County as in Petaluma.

Get into the poultry game. Plan a big crop and see it through.

## ASK STATE AID ON THE HIGHWAYS IN THIS COUNTY

The county commissioners and County Auditor Pine appeared before the State Highway Commission, Friday, and made application for state aid for the rebuilding of the Dayton and Chillicothe Pike from the Greene county line to the Ross county line where not already improved and for rebuilding of the inter-county highway known as the Bloomingburg and Sedalia pike, from the end of the brick paving at the intersection of the State road with the Bloomingburg pike, to the Madison county line. It is expected that as a result of the application that part of the main Market Road No. 29, known as the Dayton and Chillicothe pike, will be rebuilt next year under the state aid plan.

Funds for all of the work will not be available in any one year, but it is believed that by the end of 1921 both roads will have been rebuilt, as well as some other roads in the county.

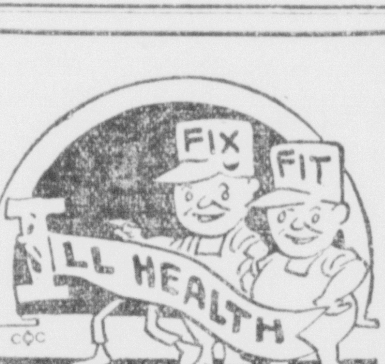

## GREENFIELD HIGH ENDS BAD SEASON

Greenfield High School has completed its football schedule without winning a single game this year. The nearest the McClain boys came to getting in the scoring column was when they held the strong Hillsboro grid-ders to a tie of six points. It was one of the most unsuccessful football seasons ever experienced by the neighboring school.

The contrast between Washington High School and McClain High is noted. While Greenfield finished without winning a game the local boys are making an effort to finish without losing a game.

## MOVIE ACTRESS NOT MARRIED, AFTER ALL

Gladys Brockwell.

Too little time between marriages is the cause of the annulment of the union between Gladys Brockwell, motion picture star, and Harry J. Edwards, director of film plays. In March, 1918, Miss Brockwell was divorced from her first husband, Robert S. Broadwell of Los Angeles, marrying Mr. Edwards in the following July, less than the required nine months before the final decree from Mr. Brockwell was due.

## O. S. U. TRUSTEES WILL NOT PERMIT THOMPSON TO QUIT

Columbus, O., November 22.—Trustees of Ohio State University yesterday voted to table a motion to accept the resignation of Dr. W. O. Thompson as president of the school. They then granted Dr. Thompson an extended leave of absence to attend the federal industrial conference at Washington, to which body he was appointed Thursday by President Wilson.

It was reported that no successor had been considered and that should Dr. Thompson insist on leaving the university the board has no one in mind for the job. Dr. Thompson, who is 65 years old, is said to feel that to continue as head of the institution is too great a strain on his health.

He is said to have indicated he would present his resignation again when the trustees meet in June.

## COX WOULD TREAT AS NATION'S FOES

Columbus, O., November 22.—Basing his Thanksgiving day proclamation on present-day unrest, Governor Cox Friday asked citizens of Ohio to gather in places of worship and elsewhere November 27 "to render thanks for the preservation of the world's civilization and to seek guidance in the midst of dangers that surround us."

He said: "We must not depart from the belief that orderly government is the very bulwark of our happiness, and those who inveigh against it now must be treated as enemies of the republic. The clouds will pass just as soon as patriotic vigilance is thoroughly aroused."
